Gold, Silver, Red, Green, Blue, Yellow, and the myriads of Pokémon... My everyday in these four years were filled with them, but it seems like only yesterday that I've known them! How amazing...Thank you for all your motivating support!! In return, I bring to you this exciting volume!! Enjoy!!

CHARACTERS

& STORY

 **Silver**

A silent and eccentric boy. Nothing is known behind the objectives behind his mysterious movements. More powerful than Gold.

 **Sneasel**

Short Pants Grant

 **Professor Oak**

Professor Elm

Was Team Rocket resurrected? Just what is Silver's goal?

 **Sintaro (Sunkern)**

 **Poltaro (Poliwag)**

 **Explotaro (Cyndaquil)**

 **Gold**

He's an easily excitable birdbrain, but he has more sense of justice about Pokemon than anyone else! His power in Pokemon battles goes up everyday!

A boy named "Gold" from New Bark Town of Johto chasing after "Silver", who stole Totodile from Professor Elm and a "Poliwhirl" from Professor Oak, with his Cyndaquil "Explotaro".

While adventuring through Johto, sometimes they fight each other, and other times fight side-by-side against the enemy. Thought to be destroyed in Kanto, that enemy is Team Rocket!

 **Ataro (Alpom)**
